Medline 850

< div class = "titre-descri" > FARNIENTE

< div class = "text-descri" > ideal for long sea getaways, the MEDLINE is a real private beach thanks to its surface convertible into a sun bath. Created for long day trips, the MEDLINE range is part of the line of the new generation Zodiac boats: semi-rigid boats clearly oriented towards relaxation. Their layout allows the transformation of the bridge into a large sunbathing area creating a "beach private sector".

< div class = "titre-descri" > ESPACE

deck planes allow for exceptional modularity: the movements on board are fluid, the baths of sunshine are spacious and easy to set up and the back Beach comfortable and safe. Sunbathing lunch or bathing: nothing simpler. The unique comfort of the saddlery, the richness of the equipment, the ease of maintenance of floats... Every detail is the result of the experience of Zodiac Nautic and its perfect knowledge of the sea. fun & expanded to 5 boats, the MEDLINE range has been redesigned by setting a top priority: ease of use ashore, at anchor and at sea. The dimensions and weight of each model have been optimized to achieve an excellent weight/power ratio to choose a moderate motorization, and simplify maneuvering water and storage. The MEDLINE 850 boat is on the road gauge.
